Other key points to remember:

- The auction starts at 10:30am on Thursday. If you're running a unit, please have it here no later than 10:15am.
- Please submit your titles promptly – before sale is best. A \$20 T/A fee will apply on the following Monday if you haven't submitted your title. Dealers have 14 days to provide a title or the sale could be undone.
- Vehicles need to be paid for by Monday at 5pm or a \$50 late payment fee will be applied.
- Your titles can be picked up in person, sent with transportation or Fedex (costs \$30). We no longer mail titles via US Mail.
- A PSI (post sale inspection) is required to arbitrate a vehicle and costs \$125.
- Arbitration covers the engine, transmission & frame. It does NOT cover the transfer case, front or rear end repairs. One issue must cost over \$750, this is not a compilation of repairs.
- Arbitration closes at noon on Friday or 24 hours after the PSI is completed.
